

Two Local Chambers Oppose Proposed County Pay Hike

The Niles and Centerville Chambers of Commerce, at their meetings this week, voiced protests of the proposed salary increases for top county employees.

Both Chambers ordered telegrams sent to Senator Arthur Breed and Assemblyman Francis Dunn requesting that they oppose current legislation which would boost the salary of the members of the Alameda County Board of Supervisors to \$10,000 per year.

Secretaries of the two Chambers were also ordered to write to the Supervisors protesting the wage boosts, which would increase taxes about five cents on each \$100 of assessed valuation.

Both Chambers expressed the opinion that if wage increases are necessary they be made on a flat cost-of-living basis for all county employees on an equal basis, and not split in such generous slices in the top brackets.

It was pointed out that the supervisors have requested a \$2,200 per year wage increase, while at the same time ignoring the "little guys" working on a "marginal" salary.

The salaries for all county employees are set by the members of the Board of Supervisors. However, the Board cannot boost its own salary, it must depend upon action by the state legislature for any increase.

The new salary ordinance, which would become effective on July 1, would cost \$335,343 and also provides pay raises averaging more than \$1,000 annually for eight top county officials.

Of the total cost of the pay raise, \$23,000 would come from funds contributed by the state and federal governments to the county welfare department.

Harry Bartlett, chairman of the Board of Supervisors, has stated that the increases are necessary because of competition from industry.

The recent cost of living boost of three and one-half per cent, coupled with the current wage increase, will not exceed federal government wage ceilings, according to County Administrator Edwin S. Howell.

Under the new wage scale the charities director, assessor, tax collector, auditor, recorder and county clerk would receive \$10,000 yearly. The sheriff, surveyor and district attorney would be paid \$15,000 per year.

ACCIDENT LEADS TO ROBBERY CHARGE

Ricardo Navarette of 227 Fourth Street, Decoto, will appear in Centerville Justice Court today (Friday) on a charge of robbery.

He is charged with slugging and robbing Mrs. Rosie M. Cacho of Alvarado in Alvarado early last Thursday morning.

Mrs. Cacho was found unconscious and taken to the Fairmont Hospital where she regained consciousness and gave Deputy Sheriffs Barney Buchanan and Albert Silvey a description of her assailant.

A few minutes later Navarette was admitted to the hospital suffering from injuries as the result of a highway crash on the Decoto road. The two deputies recognized him from Mrs. Cacho's description and in the investigation found Mrs. Cacho's purse in Navarette's auto.

STANLEY DEFENDS COUNTY BOARDS' WAGE HIKE REQUEST

By GRACE CAMINADA
Supervisor Chester E. Stanley, a guest at Tuesday evening's meeting of the Decoto Chamber of Commerce, strongly defended the supervisors' request for an increase of salary to \$10,000 per year.

Stanley told the group that he thought the raise was appropriate because of the work involved maintaining that position.

Following a lengthy discussion, the Chamber members agreed to table the matter until next month's meeting.

Stanley then suggested that any maintenance work needed to be done in Decoto on streets or lights should be brought to his attention by letter as soon as possible so that he might include the expenses in the next year's budget.

The possibility of rezoning the streets between the Western Pacific and Southern Pacific railroads was brought to the attention of the Chamber by George Smith. He suggested that the area be rezoned for light industry.

Secretary Bernie Joseph was instructed to write letters to Senator Arthur Breed and Assemblyman Francis Dunn Jr. protesting Assembly Bills 3217 and 2275.

It was also voted that a letter be sent to Captain H. G. Amborn of the California Highway Patrol requesting that traffic laws be more strictly enforced on Whipple Road.

The meeting was presided over by President Gonzales Paniagua.

COUNTY SUPPORTS FIRE PREVENTION

The fire chiefs of Washington Township, working in conjunction with the chiefs from all other communities of the county, have won the backing of the Alameda County Board of Supervisors in proclaiming 1951 as Fire Prevention Year.

The resolution, passed this week by the supervisors, points out that it is the aim of the fire chiefs of the nation to save human lives, especially to prevent the loss of some 4,000 babies by fire each year.

Appearing before the supervisors to ask the endorsement of the plan were chiefs from all of the metropolitan departments and Chief Joseph Pashote of Newark representing the township.

Action of the county fire fighters was commended by the supervisors in leading such a movement.

The township chiefs met last night at Newark to outline a specific plan of a fire prevention program for this area. Scheduled for discussion was the proposal for a house-to-house campaign by the firemen to point out possible fire hazards.

CENTERVILLE BIBLE SCHOOL OPENS JUNE 25

The Centerville Presbyterian and St. James Episcopal Church of Centerville will unite in holding a one-week daily vacation Bible school beginning on Monday, June 25.

The release time classes sponsored jointly by the two churches ended this season's work on June 6. The average attendance has been around 60, it was announced this week.

BOY SCOUTS TO ROUND UP BLOOD DONORS

LOCAL BOY SCOUT WILL WIN CAMP TRIP

Too young to actually get out and do any fighting in Korea, the township Boy Scouts are nevertheless going to serve their country—and their big brothers—by carrying on a campaign of their own. This campaign will be one to procure blood in the township, so that lives in Korea can be saved.

The Boy Scout in the township who procures the most blood donors from 5:30 o'clock Monday evening, June 11, to 3 o'clock Monday, June 18 (blood donor day), will be rewarded with one week's free camping trip. The expenses will be paid by the Child Welfare Club of Washington Township.

Mrs. W. L. McWhirter, blood donor chairman, stated this week, "The plan has never been tried anywhere before, to my knowledge, and we are awaiting results with high hopes. It may be the solution to procuring our quota of blood donors each month."

All Boy Scout troops in the township will meet with their leaders on Monday afternoon, prior to 5:30, and at that time the "opening gun" will be fired, and the boys will be on their way in their hunt for blood donors.

Each Scout will be issued pledge cards, which he will present to prospective blood donors to sign. Appointments will then be confirmed by Boy Scout leaders who will check with the blood donor chairman in their town.

"We hope that all of the pledge cards will be turned in on Sunday," said Mrs. McWhirter, "but if there are any 'stragglers' who wish to sign on Monday—blood donor day—we can take them until three o'clock."

JEWELRY STORE IN NILES BURGLARIZED

The Easley Jewelry Store at 110 J Street, Niles, was burglarized late Tuesday night or early Wednesday morning and merchandise valued at more than \$400 stolen.

Hoyle Easley, store owner, told investigating officers that eight new wrist watches and two identification bracelets had been taken from the showcase in the store. Seven more watches were left in the cases by the burglar. Easley reported that the loss was not covered by insurance.

Entrance was gained by breaking the glass in a window at the rear of the store.

SIX MEN INDUCTED INTO ARMED FORCES

Six Washington Township men were included in the May quota of 22 men sent to duty with the armed forces by Selective Service Board No. 54 at Hayward last week.

The men accepted for duty were: David Priego, Irvington; Ramiro Perez, Alvarado; Paul Vallego, Niles; Yukio Hisaoka, Alvarado; Donald Andrade, Decoto; and Harvey Jones, Niles. Edward Gurley, a former resident of the township now living in San Jose, also was included in the quota from the board serving this area.

The total number of men inducted into the armed forces from this area since the Selective Service Act was reactivated last September.

Manuel W. Lewis, Centerville, member of the Selective Service Board, stated this week that the quota of men to be called in June has not been received but revealed that each month's quota has been smaller than the previous month.

X-RAY UNIT WILL CONCLUDE VISITS

The mobile x-ray unit of the Alameda County Tuberculosis and Health Association will complete its annual visit to the communities of Washington Township next week.

Tuesday and Wednesday the unit will be parked at the post office in Alvarado, open to the public continuously from 11 a.m. until 5:30 p.m.

On Thursday the unit will be at Warm Springs and will be open from 10 a.m. to 12 noon and 1 to 5 p.m.

Irvington will be the last town visited, with the unit there Friday and Saturday, May 15 and 16, from 10 a.m. to 12 noon and 1 to 6 p.m.

BUILDING PERMITS NEAR FOUR MILLION MARK

The number of building permits issued by the Alameda County Building Inspection Department climbed to 544 during the month of May, it was revealed this week by Marcus S. Carlson, building official.

Carlson stated that the total valuation of the construction authorized by the permits was \$3,909,600.

Heading the list of types of buildings approved were single family dwellings with an estimated valuation of \$2,993,600.

IN THE HOSPITAL

Edward E. Enos, Niles postmaster, is connected to San Jose Hospital this week, recovering from an operation performed last Monday.

CONVERSION OF COUNTY FAIR TO RACE MEET CHARGED

The charge that the Board of Supervisors is converting the Alameda County Fair into a horse racing meet was made this week by the Niles Chamber of Commerce.

The charge was made at Tuesday's meeting of the Chamber following the announcement by the supervisors that they had extended the date of the fair to allow 14 days of racing.

The members of the Chamber expressed belief that the livestock, horticultural, agricultural and art displays were being de-emphasized in favor of the horse racing.

Secretary Vernon Ellsworth was instructed to write to Supervisor Chester E. Stanley inviting him to attend a meeting of the Chamber to explain why it was deemed necessary to extend the number of days of racing.

The Chamber authorized a change in its meeting day to coincide with Stanley's availability to appear before the group.

IRVINGTON MAN STILL IN COMA

After three months of lying unconscious in the Veterans Hospital in Oakland as a result of a motorcycle accident, Raymond Allender of Irvington is still said to be in a critical condition.

The accident occurred near the Hayward Airport, and the 24-year-old man has been in a coma ever since. He suffered severe leg and foot injuries in addition to the concussion. According to his physicians, his recovery is slow. He recognizes no one, although his eyes remain open during the day and he seems to be aware of people moving about in his hospital room.

His mother, Mrs. Ann Allender of Irvington, visits him daily, and has not lost faith in his eventual recovery. Also visiting him regularly is his grandmother, Mrs. William Ramsell of Irvington.

FIRE PREVENTION PROGRAM PLANNED

Each member of the Irvington Chamber of Commerce agreed at Tuesday's meeting to serve as a committee member to make a canvass of the community urging the elimination of fire hazards.

It was pointed out at the meeting that many property owners have created major fire hazards by allowing the tall dry weeds to remain on their vacant lots. These land owners will be contacted within the next few days and asked to eliminate the hazards.

It was also agreed to hold another Irvington Day at the Old Hearst Ranch in Pleasanton. At the invitation of the management of the famous dude ranch the date of August 5 was selected.

President E. M. Grimmer, the only member who attended last Sunday's Irvington Day at the dude ranch, named Walter Connolly, Wallace Pond, Edward Haynes and A. E. Alameda to a committee to make certain that a large crowd of Irvington boosters is on hand at the next day set aside for the community.

An unsigned letter from a future resident of the community was read at the meeting. The letter disclosed many projects which the writer felt the Chamber should undertake. An invitation was extended to the composer of the letter to join the Chamber and assist in the projects.

TOWNSHIP SCOUTS ATTEND CAMPOREE

Sixty-eight Washington Township Boy Scouts and 13 Scout leaders attended the annual Camporee at Los Mochos Scout Camp last Saturday and Sunday.

The local Scout troops were a part of the 450 Scouts from the southern district who spent the week-end at the camp competing for efficiency ratings.

The following troops participated: Niles Troop 1, six boys and 1 leader; Niles Troop 2, 17 boys and 3 leaders; Warm Springs, 8 boys and 1 leader; Newark, 17 boys and 3 leaders; Irvington, 20 boys and 5 leaders.

Most of the patrols from the local troops arrived first or second awards in the events in which they participated.

Highlight of the outing was the initiation of the new swimming pool recently completed at the camp.

The Scouts of Niles Troop 2, in carrying out a long tradition, planted four more redwood trees at the campsite. The trees were donated by Frank Serpa of Edenwale Nursery.

The next event for the Scouts is the outing at Diamond-O Camp, which opens on June 16, and continues for eight weeks.

Fred Duffie, camping and activities chairman, said yesterday that Irvington and Newark are the only troops of the township which have notified him that they intend to participate in the camp under their own leadership.

LIVERMORE RODEO
OPENS SATURDAY

Livermore—where the Old West comes to life in all its vividness each June—will be the scene next Saturday and Sunday of the 34th annual Livermore Rodeo, hailed as "the world's fastest."

Thousands will line the streets of Livermore Saturday morning to view the parade. Entries have set an all-time record and the total number of persons taking part will surpass the 3,000 mark.

At 12:30 Saturday the traditional Cowboy Parade will lead to the Rodeo Plant itself, and at 1:30 comes the colorful Grand Entry of more than 1,000 horses and riders gaily attired in multi-colored western costumes. A half hour later, at 2:00, sees the start of the opening day of championship rodeo events—bronc riding, bull riding, steer wrestling, calf roping and all the other western thrill events.

Saturday night there will be a big, free street dance on J Street, between First and Second, sponsored by the Livermore 20-30 Club.

Sunday's calendar is equally crowded with action. The downtown Cowboy Parade starts at 12:30, to be followed by the Grand Entry at 1:30 and the rodeo championship finals. At 8 a.m. Sunday there will be preliminary roping and stockhorse events, with free admission to the grandstands.

Closing out the Sunday show will be the always-thrilling bronc riding finals. This event pits the top six cowboys against each other in a quest for top money.

Trout limits taken

Many trout limits have been taken during the past week from Ross Reservoir, Hunters Dam, and San Antonio Creek in Calaveras County. Some of these fish have been running up to eighteen inches in length.

BEARCATS BOOST
VICTORIES TO FIVE

The hickory clubs of the Centerville Bearcats proved too lethal to the Johnny Billard's baseball club of San Francisco last Sunday with the local lads banging out two homers, two triples, a double and eight singles to win 12 to 5.

George Sweeney and Ed Rose continued to hit hard and consistently, both smashing out-of-the-park homers. Tony Rivers and Freitas collected triples and Clarence Soito got the other extra base hit of the game, a double.

A 17-year-old Hayward High School student, Gary Silveira, was the standout performer of the game, hurling a 4-hit nine innings for the Bearcats. After a bad third inning, in which four runs were scored, he pitched one-hit ball for the remainder of the contest.

Manager Frank Mayer shifted his lineup Sunday with Stan Roderick covering center field instead of his usual first base corner. Clarence Soito, utility, held down the first sack berth.

This Sunday the Bearcats will meet the powerful club of the Oakland office of the Pacific Telephone and Telegraph Company in a game called for 2 p.m. on the high school diamond at Centerville.

It can give you 180 horsepower, to surpass any other engine in any other car. It develops its power in its own new kind of way!

But you don't have to "baby" it . . . or give it fancy quality gasoline to get that 180 horsepower performance!

FirePower takes any regular grade gasoline you care to buy . . . and adds its own new "mechanical octanes" to the power-giving octanes of the gasoline itself.

The result is something new and startling in responsiveness . . . and in safety, too. You get quicker and smoother control of when and how you move than you have ever felt before.

It's the engine of tomorrow . . . on the road for you today . . . and your Chrysler dealer invites you now to try it, in the all-around most astonishing new car you ever drove!

MODIFIED REBER PLAN STUDIED

By BRUCE MICHAELS

Last Monday in Sacramento the Dolwig Committee placed a modified Reber Plan before the Legislature in a report emphasizing the need for a San Francisco Bay Area regional authority.

The report included:

1. Criticism of the proposed bridge between Richmond and San Rafael as "hasty and piecemeal planning," suggesting that further investigation might establish the need of a salt water barrier earth fill crossing in its place.

2. The need for a survey by the proposed regional authority leading to a master plan for future development of the Bay Area.

Reber plan proponents feel that Assemblyman Dolwig deserves much credit for his recommendation that over-all planning is needed in the Bay Area. The Downey Senate hearing and the Savage Report to the Dolwig Committee both recommended the same type of investigation.

FAIR FLORICULTURE ENTRY LIST OPEN

Flower lovers this week were invited to submit entries in the amateur division of the floriculture competition at the Alameda County Fair billed at Pleasanton June 29 through July 14.

Nine garden entries were listed by Dora May Scudder, chairman of the non-professional section.

"Competition is open to amateurs who care for their own gardens and all flowers must be grown by the exhibitors," Mrs. Scudder announced.

Individual competition will embrace cut flowers, potted plants and flower arrangements. No entry fee is charged, and the purpose of the exhibits is to encourage floriculture perfection, Mrs. Scudder emphasized.

Individual entries will be received at the fair grounds on June 29, July 3, and July 7, and will be judged on those days.

Additional information may be obtained from Mrs. Scudder at Box 742, Niles.

Other highlights of the Fair will include livestock, horticulture, agriculture and art displays and 14 days of horse racing on the historic mile track.

Mother-in-law bells, made by the Navajo Indians, are fabricated from U. S. 25c pieces.

MISSION SAN JOSE NEWS

By LOIS BOTTENBERG

Lois Bottenberg

TO MARTINS BEACH

Joe and Angie Dutra, Joe and Helen Santos and Albert and Evie Harvey and daughter Linda, motored to Martins Beach on Saturday where they spent two days having fun and fishing. Joe S. said they got a lovely catch.

TO MARYSVILLE

Mr. and Mrs. Tony Souza and family, accompanied by her parents, Mr. and Mrs. John Reis, motored to Marysville over the week-end to see Mr. and Mrs. Walter Catalano. The Reis' stayed to spend a few weeks. Mrs. Catalano is the former Alice Reis.

MORE TROUBLE

Sorry to hear that Margie Reis has to go back to the hospital again for more work on her bad arm. She will be confined at home for three weeks with her arm in traction to help pull it into shape.

MONDAY VISITORS

Mr. and Mrs. Carl Hanson, from Mission folks now of Berkeley, spent Monday in the Mission visiting the Tommerdahls, Mrs. Ober, and Mrs. Baptist.

GOOD TO SEE YOU

Geewhiz, Sally, is it every good to see you around again following that very serious siege of strep throat. I know you thought that after a tonsilectomy you wouldn't get such things but, boy, were you mistaken.

WEEK-END GUESTS

Mrs. Margaret Moore McClure entertained a number of her friends over the week-end at her very nice Peak Meadow home on Mission Peak. They all enjoyed a full day of the plunge and good food.

ALL BY HIMSELF

What a shiny new bike I see "Butch" Vargas riding around town and I am informed that he purchased it himself with the sales from his very eatable chickens raised 4-H style and that it is

an early birthday present, for he celebrates the 11th of June.

HERE'S HOPING

After a few days of confinement in the San Jose Community Hospital for a serious operation, it is wonderful to see our own Roe (and Don's too) for a few moments every once in a while. She is surely missed in town and especially around the Mission post office where she is one of the clerks. Here's hoping that before too long she can return to her place behind the window with her sunny smile and friendly disposition.

POISON OAK VICTIM

Oh, boy! Thompy Thompson, you sure believe in camping in a big way, and after getting all your birthday camping articles, even to a tent, you and Stanley Garcia will have to be more careful where you pitch camp for both of those boys sure looked bad with poison oak, but Thompy looked like Porky Pig for a few days and required medical attention before it was over. Watch it kids.

FROM BAKERSFIELD

Mrs. Pearl Kroes, sister of Mrs. A. R. Thompson, is visiting in the Mission on her way home from the northwest. They were former Mission folks and now make their home in Bakersfield.

TO MINNEAPOLIS

Bon voyage to the John Tallents Jr., for they left this week to go to Minneapolis, Minn., where he has a new job. They have been with us for over a year and we wish Mary and Johnnie and their two little girls lots of luck in their new home.

GUESTS AT SOLONS

Mr. and Mrs. Cyrus Solon of San Francisco and their cunning daughter, Holly, are spending a few days here at the home of the Senior Solons. Mrs. Myrtle Buck of Hayward came out Wednesday to visit the family along with her mother, Mrs. Hannah Rose.

NO BUSINESS

The mobile x-ray unit, which spent the day in Mission last Thursday, was not very busy. Guess everyone thinks they don't need x-rays.

MEASLES VICTIMS

The Neeleys from San Jose finally

put in an appearance to see their friends after a number of weeks absence due to the fact that all the family right down the line have been having measles. They made their home here for years.

IT WASN'T MEASLES

Mrs. Beverly Medeiros, who has been quite ill at her home on Ellsworth Street, is again up and around. She had all the symptoms of the measles but did not really have them.

GOOD NEWS

We are glad to hear that little Sharon Phillips who has been very ill at the home of her parents, Mr. and Mrs. Manuel Phillips, is again able to move around a bit. She has a bad heart and this is her first attack in many months.

NEW OFFICERS

The boys and girls of the Mission school held their election of members for the student body and the following were chosen to fill vacancies for the coming year: president, Alfred Olsen; vice-president, Harold Hill; secretary, Koaru Kuritsubo; treasurer, Marilyn Rodrigues; parliamentarian, Richard Vargas; reporter, Ronald Quaresma; sergeant at arms, Ronald Masuda; assistant sergeant at arms, Harry Bush; girls equipment and assistant, Takeko Tomita and Kaye Umemoto; boys equipment and assistant, David Olsen and Andy Millard.

TO KOBE

"Our Marine Son" Stoney Maycock, son of Mrs. Ann Maycock, was home for a short week-end visit, this past week and drove back to the base in brother Doug's car. He expects to be on his way out in the next fifteen days as his ship is in port now. He will land in Kobe, Japan, for his overseas duty. Douglas will go for the car later.

FAMILY DOINGS

I really haven't written anything about our family for a long time, so I guess a few lines on the Bottenbergs, Wilcox's and Santos' won't hurt any. Glenn and Nana Bottenberg, accompanied by Diane and Michael Santos, motored to Placerville over the week-end to visit with Aunt Elaine Kamp, Vicki and Teri, and also to attend a baby shower for Mrs. Kamp on Friday evening. They spent Sunday at Sacramento with Ma and John Heintz. Mrs. Wilcox accompanied Mrs. Ruth Santos across the bay to Redwood City where Mrs. Wilcox spent the week-end at her son's, Mr. and Mrs. Floyd Cross and family, while Ruth went on to Los Altos to visit with Walt and Betty Tarp and children.

P.C.A. WORKERS TO BE FETED FOR SAFETY RECORD

The 35 employees of the Pacific Coast Aggregates Company will be feted by the company Saturday,

June 9, for their outstanding and enviable safety record.

Quayle Collinson, local plant superintendent, announced Tuesday that the employees of the local

plant had completed 752 working days without a lost-time accident.

Funeral services were held in Hayward yesterday for Giovanni B. Savio, 68, of Lowry Road, Alvarado, who died Monday, presumably the victim of a heart attack.

He was a native of Italy but had resided in this area for the past 44 years and was connected with the Alvarado Vegetable Produce Company.

He left his home early Monday to gather watercress and his body was found beside his parked truck near Milpitas later that day.

He is survived by a cousin, Anthony Bellomo of Oakland.

**\$50,000 PREMIUMS
FOR EXHIBITORS
AT COUNTY FAIR**

Exhibitors from throughout California will vie for more than \$50,000 premium money at the annual Alameda County Fair billed June 29 through July 14, Supervisor Chester E. Stanley, chairman of the fair grounds committee, announced this week.

This will be the biggest premium list in the history of the Fair, Stanley said, and will be derived primarily from state pari-mutuel funds. In some of the events, financial assistance will come from the Alameda County Agricultural Fair Association.

Premiums will be awarded in the livestock, poultry, 4-H, Future Farmer, home economics, floriculture, horticulture, agriculture, art and photography, veterans rehabilitation and other departments.

Over 2,500 premium books will be mailed to potential exhibitors and copies will also be available by contacting Wray L. Bergstrom, secretary-manager of the Alameda County Fair, Pleasanton.

Feature events of the first 1951 major fair in California include 14 days of horse racing, under the direction of Sam J. Whiting and William P. Kyne, talent parades and the traditional parade and horse show on Sunday, July 1.

Special days will be dedicated to various communities working in conjunction with their chambers of commerce, who will feature individual programs.

**THETA RHO GIRLS
WILL INITIATE**

The members of Necona Theta Rho Girls' Club No. 46 met in regular session Monday evening, June 4, at Odd Fellows Hall in Irvington. They discussed plans for the summer, and also for their next regular meeting on June 18.

On June 18 they will hold initiation ceremonies for a class of candidates, and will also have a shower for two of their members, Maxine Weissenbacher and Marian Clarkson, as wedding bells will soon be ringing for both these girls.

The club has decided to have a two months' vacation in July and August, meeting just for social affairs, according to Mrs. Nellie Talley, advisor.

**TWO CALIFORNIANS
ON CHURCH BOARD**

Two Californians have been selected for membership on the Christian Science Board of Lectureship. Mrs. Emma Louise Garrett of San Francisco and Henry Allen Nichols of Los Angeles—both Christian Science practitioners—have been named to the globe-girdling board of lecturers by the Christian Science board of directors.

Highlighting the Boston meeting was a special message from the Christian Science board of Directors declaring that complete defense from disaster and destruction is available to all through the clear spiritual understanding of God.

The directors said that the deepest laws of the universe are spiritual laws of harmony, and can be utilized for individual protection and also for the preservation of human freedom. They noted growing spiritual enlightenment and said "great spiritual progress is bound to follow."

New president of The Mother Church for the coming year, it was announced, is Mrs. Lora C. Rathvon of Boston. In a ringing address Mrs. Rathvon said that never was the need more urgent to look beyond the material sense of life, to "see man as God's spiritual idea." Forecasting greater spiritual achievements, she said, "We are standing on the brink of a new era."

This theme was emphasized also by Walter S. Cross of Fitchburg, Mass., retiring president, who said the world is undergoing "the most profound and stirring revolution of all time."

Return from North

Mr. and Mrs. J. A. McDonald of Niles have returned home after a very pleasant week's vacation in Northern California and Southern Oregon. They went up purposely to view the rhododendrons and wild azaleas and were not disappointed. "I used to live up in that country," said Mr. McDonald, "but I have never seen them more beautiful than they were this year."

Returning home with them was Mrs. McDonald's sister, Miss Olivia Remmelmeier of Aberdeen, Wash., who joined them when they were in Grants Pass.

June first marked a red letter day at the Paz home at 444 Third Street, Niles. The cause of it all was a double birthday dinner for Joe and Carmen Paz, who were both born in June—Joe was 14 years old on the first, and Carmen was 17 on the sixth.

The celebration started off with the Family Rosary led by the head of the family, Mr. J. G. Paz. A beautiful birthday cake and lots of good food were enjoyed by all 19 grandchildren and their little friend, Helen Candelaria, as well as all of the immediate family.

Bassinet Shower for Mrs. Lorraine Morse

A baby shower was given Sunday, May 27, for Mrs. Lorraine Morse, the former Lorraine Santana, at the home of her mother, Mrs. Jess Santana, with Mrs. Santana, Evelyn Santana and June Sutu as co-hostesses.

A large cake, inscribed with "Welcome Stranger," was the center of attraction. The decorations were carried out in pink. A pottery "buggy" bowl, with a stork figurine, was filled with pink snapdragons and was used as the centerpiece on the table. A beautifully decorated punch bowl with white and pink flowers completed the dining-room appointments.

A lace-covered bassinet stood in one corner of the living-room and was overflowing with gifts for the expected arrival.

Relatives of the mother-to-be who were present included Mae Ensign of Oakland, Mrs. Margaret Morse of Vallejo, and Joyce and Sharon Santana of Irvington.

Friends who were present were: Buena Bibley of San Jose; Elinor Costa, Elaine Bushnell and Mary Ann Rebello of Irvington; Barbara Brenner and Genevieve Brenner of Warm Springs; Mary Soito, Marie Alves and Minnie Monteiro of Oakland; Mrs. Serafine Betten-court, Florence Rodriguez, Marjorie Silva, Grace Teixeira and Barbara Ann Rodriguez of Centerville.

Those sending gifts but unable to attend were Isabel Santana, Ray Bernard, Bernice Steinbrink, Dorothy Enos, Mabel Gomes, Susan Carol Silva, Mrs. H. Mau, Maxine Mau, Marian Picotte and Margaret Renfree.

First-Born Arrives

Word has been sent from Pomona to the maternal and paternal grandparents (Mr. and Mrs. John Untiedt of Mission San Jose and Mr. and Mrs. John Kimber of Niles) that young James Arthur Kimber, first-born of Mr. and Mrs. Arthur Kimber, made his entry into the world on June 5. The young man, whose mother is the former Charlotte Untiedt of Mission San Jose, weighed seven pounds and 11 ounces at birth. His father is associated with the Kimber Poultry Farms branch at Pomona.

At Lake Temescal

Mr. and Mrs. E. J. Dias of Niles and Mr. and Mrs. Donald Dias and daughter, Madge, of Newark, took advantage of the nice weather last Sunday to motor up to Lake Temescal for a picnic. They spent the afternoon boating.

GAYLE MAPHET, TO BE MARRIED JUNE 16, GUEST OF HONOR AT TWO BRIDAL SHOWERS

Gayle Maphet, who will become the bride of Mr. Howard Stepp at a ceremony to be performed at the Niles Congregational Church on June 16, was honored at two bridal showers recently. One, given last Friday evening by a sorority sister, Letitia Kendall of San Jose, was attended by Gayle's sorority sisters from San Jose State College. It was a lingerie and linen shower.

The other, given Monday evening by Mrs. Virgil Young in her new home in Niles, was a miscellaneous shower.

The decor of the Young home was highlighted with a beautiful bouquet of gladiolas on the mantle. Arrangements of tinted calla lilies and a large bouquet of snapdragons as a centerpiece on the table were used very effectively to enhance the festive scene when the bride-to-be opened her many exciting and exotic gifts.

Those who attended included Mmes. Don Plummer, Adolph Enos,

Dan Marble, G. D. Maphet (the bride-elect's mother), Ann Bradford, A. J. Cadero, Donald Chapman, Lawrence Gronley, Virgil Young Jr., Rinaldo Cozzi, and Miss Harriet Dias, all of Niles; and Mmes. Gertrude Washburn of Berkeley, Eugene Schall of San Juan, George Duffey of Hayward, and William Millet of Hayward.

Those sending gifts but unable to attend were Mmes. Sid Westray, Joe Gomes, Doris Hester, Alvin Gomes, J. A. McDonald, Rosemary Case, J. Alberg, and Miss Betty Silva and Gwen Millet.

The bride-elect, a teacher at the Newark school, is a graduate of Washington Union High School and of San Jose State. She is affiliated with Alpha Omicron Pi sorority. Her husband-to-be, son of Mrs. M. Stepp of Ketchikan, Alaska, who attended San Jose State and is a member of the Alpha Eta Rho fraternity. He is employed now by the Kohler Crop Dusters.

TALENTED YOUNG SOPRANO TOO MODEST; VOICE ACCLAIMED AT CONCERT IN SAN JOSE

Miss Betty Grau, daughter of Dr. and Mrs. E. C. Grau of Niles, can keep her talents hidden no longer in her own home town. Last week, the news leaked out via the pages of the San Jose Mercury Herald that Betty is not only a vocalist, but a very accomplished one at that. After seeing a story in the Mercury that Betty sang three selections at Alum Rock Park last Sunday with the regular band that plays there, a Register reporter immediately contacted Betty's mother who explained, "Betty has been reticent about letting her friends know that she sings, possibly because she feared she may not make the grade when she starts singing in public."

After her performance at Alum Rock Park last Sunday, however, Betty should have no qualms about her voice. The three numbers she sang — "Romance," "Kiss in the Dark" and "L'Amour, L'Amour" — brought raves, not only from the audience but from the conductor who acclaimed the young San Jose State College coed's voice in no uncertain terms.

Prior to her performance at Alum Rock, the young soprano had sung with the San Jose State College Chorus, for many lodges, and at the Children's Hospital.

Niles Couple Go Water-Skiing

The Soares and their young son, Johnnie, had a wonderful time boating and water-skiing at Narrows Dams, a short distance from Marysville on the road to Grass Valley. "It was the most beautiful lake," said Mrs. Soares. "It was the first time we had been there, and I'd like everyone who likes swimming, boating, and water-skiing to know about it."

At Sportsmen's Barbecue

Tomi, Hil and Al Hallstrom and Mr. and Mrs. Pete Nunes and Mr. and Mrs. Henry Rego were among the localites who enjoyed the delicious steak barbecue put on by the Livermore Sportsmen's Club last Sunday. "Even though we were allowed two filet steaks, they were so large that one is all I could eat," said Miss Hallstrom, which is enough to make any housewife—aware of the scarcity (and price!) of filets—turn green with envy.

Mr. and Mrs. William Morse and Mr. and Mrs. William Santana of Irvington are spending a few days at Yosemite.

Guests invited included Mrs. Mary King of Irvington, the grandmother-to-be; Mrs. Mary Moura, the great-grandmother-to-be; Mrs. Bell Silva of Centerville; Mrs. Annie Carrie, Mrs. Florence Faria, Mrs. Louise Springer, and Miss Duillinda Duarte, all of Niles; Mrs. Dolores Ross, Miss Florence Peixoto, Miss Shirley Sarmiento, all of Newark; and Mrs. Mary King of San Jose.

Everyone in the family "dates up" our new electric roaster!

Son bids for the electric roaster when he does KP for the gang. Somehow beans, chili, stew, soup, almost everything tastes better cooked in the even, all-round, controlled heat of an electric roaster. Also, the removable, easy-to-wash porcelain enameled cooking well is a cinch for the clean-up squad!

Dad reserves the electric roaster on week ends, cooks the world's best barbecued spareribs, spaghetti, game in season, and other he-man specialties. New-type thicker insulation in modern models has reduced heat loss to an all-time low. An electric roaster plugs into any 115-volt, A.C. outlet... ideal for beach house, cabin, patio.

Mom's dates are baking day, holidays, any day when she needs "an extra stove." Or when, on the contrary, she wants to cook a whole meal at one time in a quick and easy way. Thermostat control maintains exact temperature desired, and if model has automatic clock control the roaster turns itself "on" and "off" at pre-set times, gives homemaker hours of welcome freedom.

Newly-married daughter dates up the electric roaster for social events like club get-togethers, buffet parties, picnics. It's easy to carry, keeps food warm for hours. With P. G. and E. rates lower today than in 1940, an electric roaster is a real joy... costs only 1¢ or 2¢ per meal to operate. There's a model for every family, every budget. See your dealer's selection today!

Things That Produce

Boysenberry Answer To Gardeners' Whims

By ALFRED AMES, Garden Editor

Most home gardeners eventually drift into the practice of growing those things that give the greatest yield from the space available. We, of course, have likes, dislikes, prejudices, and whims—but, eventually, we simmer down to those things that produce.

After several seasons of hand-picking the handles of many hoes, shovels and rakes, we've come to the conclusion that for all around satisfaction nothing can take the place of the boysenberry. Doesn't make any difference what the season is, there is something important going on in that row of berries.

First thing in the spring, the bees start working a full shift on the berries. Rather than gathering nectar or pollen they seem to be making a frenzied count of the petals of each bloom. The whole trellis quivers as this day-long addition continues. Wonder if they ever find an imperfect bloom—or whatever it is they seem to be searching for? One thing is sure—no blossom is ever missed!

As the last bloom withers, the center berry of each cluster starts to color. It's just a matter of days now—better dig out the jelly glasses, fruit jars, and make space in the freezer. Better check the paraffin and pectin supply, too.

Pectin Stuff

'Sa funny thing about that pectin stuff. A few years back it sort of sounded like adding an adulterant to jam and jelly—not like Mother used to make it. Sort of have a boyhood memory of some jelly that didn't jelly—it was re-cooked, or was it vulcanized? With this background, our system has developed where we cook berries as little as possible—use the pectin that calls for the least sugar, and put 'em in the cupboard by noon of the day we pick 'em. Results? Well—the flavor and bouquet is as close to the fresh fruit as it's possible to get. Turn a glass out on a dish and it sort of swoons—none of that spring steel resiliency so often found behind fancy labels. Now, we're not the type to pick an argument, or belittle the achievements of other "wrasslers" of the kitchen range. Fact of the matter is—given a few sauces, mushrooms and assorted condiments, we can make a piece of tripe for-

Mmmm—soft of left the Boysen patch—let's see, they've bloomed, ripened, and are picked and packed. We've put up the new trellis and find those canes on the ground have started enough tip roots to furnish vines for an entire new planting. The old vines are five years old now—probably be a good idea to save enough tips to start a new row over on the other side of the garden. Remember those "E" flags during the last war—doggone if that Boysen patch doesn't rate some such recognition!

Soil Inoculant in Range Work

Recent experiments with soil inoculant may prove that Lotus major, or big trefoil, has a definite place in the range improvement program in the north coastal counties, says A. H. Murphy of the University of California agronomy division, who is stationed in Humboldt county.

Lotus major, a legume plant with nitrogen-fixing nodules is usually found only near the ocean or on land that is often flooded.

Coating the seed with soil taken from fields where the plants have grown several years made it possible to raise sturdy plants on an inland area for the past three years. The inoculants for other clover plants were ineffective.

While Lotus major cannot yet be recommended for general range use, it seems to have possibilities for grazing lands that are under water part of the time or where seepage from springs occurs.

SAVE by CANNING at HOME

By MISS MARJORIE BLACK
Noted Western Home Economist

Good luck with home canning is really not luck at all, but close adherence to the reliable rules of food preservation. These rules are based on the principles listed on this page.

GUIDE FOR EASIER CANNING

DO can fruits and vegetables within a few hours of gathering.

DO check equipment before you begin. Be sure you have everything you need, all in good order and condition.

DO be sure everything you use, even the cloth for wiping off sealing surfaces, is clean.

DO remember that "boiling" means just that—not warm or simmering.

DO make out a canning "plan." Keep in mind the size of your family, fruits and vegetables available for canning, number of weeks fresh produce is out-of-season, expensive, or not available.

DO work with a group, if possible. It's more fun, and work goes faster.

DO use containers of the right size for product being canned, and be sure you have plenty of caps and lids on hand.

DO we repeat! FOLLOW DIRECTIONS!

DON'T hold produce over, but if you must in an emergency, keep it in the refrigerator.

DON'T undertake too much canning on any one day. Weariness, carelessness, haste and "nerves" may result in jars of wasted food.

DON'T use canned food that shows signs of spoilage. Instead, destroy the jars so that children or pets can't get at them.

DON'T use unsound or overripe produce.

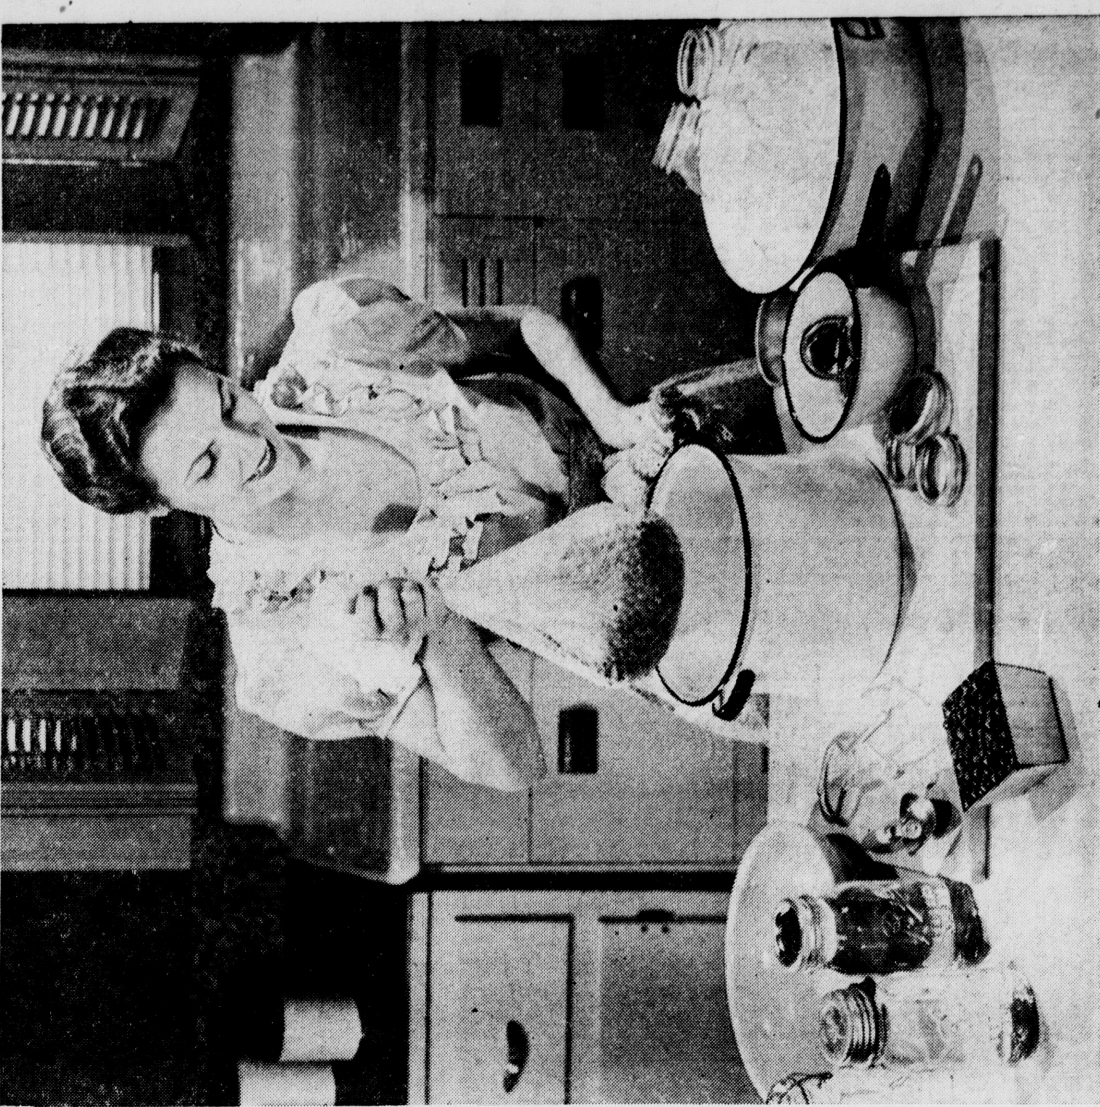

DON'T delay between steps in canning. DON'T can on excessively hot, humid days, because the low atmospheric pressure affects the boiling point of water and may cause spoilage.

USE PRESSURE COOKERS FOR CANNING

The aim of canning is to preserve food at the peak of flavor, color and texture, and keep it from spoiling by heating containers of food hot enough and long enough to obtain these results. The containers are sealed to prevent bacteria from entering.

Good-quality produce—firm, ripe fresh fruits and garden-fresh, young tender vegetables are essential for top-quality canned foods.
